## An invitation to membership

We've been around for several years now, and are pretty well established. It's time now to involve you - our friends, neighbors, former residents and others interested in maintaining our project "The Blackduck Area History and Art Center."

We are therefore inviting you to become members-sponsors. This will help support all that we do as a History and Art Center. Membership dues of just \$15.00 annually will keep you in touch with what we are doing and will provide you with stories of events and people from the past. Donations of large or small amounts will help make it possible for us to continue as a quality attraction for residents and tourists, a learning experience for school students and an ancestor research facility.

2013 saw the beginning of "The Blackduck Historian," our quarterly newsletter. As a member you will continue to receive this newsletter, which we expect you will enjoy more and more as we gain experience. We also hope you will offer ideas and suggestions that will be of interest to you and others.
